Jacob, understood, but what are those steps that it has taken? I do need to know what your client has done to identify the alleged callers and notify its vendors of the need to preserve all call records. Very Important that we get specific responses so we can avoid the need for a TRO. My hope is we can get those assurances, but without them I believe we need an order from the court assuring that the records are preserved. Thanks.

CAUTION: External Email

John,

Sorry – I have been traveling the past two days and hadn't had a chance to connect with my client. My client's position is that it has taken the appropriate steps to ensure that its own documents are preserved, but it cannot control what entities other than itself do.

Jacob, I just buzzed you again on your cell. Please let me know about the below. If I don't hear from you today with satisfactory responses from your client, I will file a motion for TRO. Thanks.
